Career Objective

Aspiring software developer and immediate joiner with strong fundamentals in front-end and full-stack development. Passionate about building real-world applications using Angular, Python, and MySQL. Eager to contribute to a dynamic development team and apply my skills in a growth-oriented company.

Technical Skills

Languages & Scripting: HTML5, CSS3, JavaScript, Python, C, PHP, PowerShell

Frameworks & Libraries: Angular, Bootstrap

Database & Tools: MySQL, REST APIs, Git, GitHub

Other: Responsive Web Design, Version Control

Internship Experience

Web Design Intern – RK Techsoft, Porur (Jan 2024 – Mar 2024)

- Developed a dynamic e-commerce website using HTML, CSS, JavaScript, PHP, and MySQL
- Integrated database management using phpMyAdmin for order and customer tracking

Web Development Intern – Softrate Global, Mangadu (May 2024 – Jul 2024)

- Created a leave management system for interns using a PHP-MySQL stack
- Focused on intern leave application and admin panel for approval/permissions

Web Development Intern – L&T Constructions, Manapakkam (Jan 2025 – Apr 2025)

- Automated system information retrieval via PowerShell scripting for internal operations
- Built an Angular-based assistant bot for form creation and database submission

Certifications

- Meta Front-End Developer Certificate — Coursera
- HTML, CSS & JavaScript for Web Developers — Johns Hopkins (Coursera)
- Business English Certificate Preliminary (B1) — Cambridge

Education

B.E. Computer Science and Engineering — St. Joseph's Institute of Technology (2025) CGPA: 7.47

HSC — Christ Matriculation Hr. Sec. School (2021), Score: 83.25%

SSLC — Christ Matriculation Hr. Sec. School (2019), Score: 79.4%

Projects

Live Cricket Dashboard — Angular 17, Bootstrap, CricketData API

- Developed a responsive live cricket dashboard with chart visualizations, real-time updates, and dark mode toggle

Face Attendance System — Angular 17, FastAPI, OpenCV, MySQL

- Built a biometric attendance solution with face recognition, fingerprint login, admin panel, and attendance logging
